ROOSEVELT DEMANDS AFL-CIO PEACE

MIAMI, Fla., Feb. 25 (INS)—President Roosevelt today called upon John L. Lewis and William Green to bring the CIO and A. F. of L. together in a conference designed to restore peace in the ranks of organized labor.

Labor, declared the President, "faces a challenge in finding itself divided into two opposing camps" that should be met by the appointment of committees from each camp to "negotiate the terms of peace."

ITALIAN THRONGS LEAVING FRANCE

PARIS, Feb. 25 (AP)—Thousands of Italian citizens living in France were leaving for their homeland today in a mass exodus under Premier Mussolini's repatriation order for Italians abroad.

An Italian embassy spokesman said the exodus was "only the beginning."

Italian officials said several hundred Italians were leaving Paris aboard special trains in the afternoon while "nearly 3000" were returning to their native land from Marseilles, Bordeaux and other cities.

Although the movement officially was in response to the repatriation order under which Italians in all lands were being called home, it was viewed in many quarters as a direct slap at France.

FEAR WAR NEAR

Officially, the French government accepted Rome's official reason that the repatriation followed the Fascist plan to get most of the Italians living abroad back to work in Italy.

Despite this reason, the occurrence of the repatriation at a crucial moment in Italian-French relations was viewed by responsible

Urges CIO's Lewis, AFL's Green Confer

NEW YORK, Feb. 25 (AP)—John L. Lewis, CIO head, and William Green, American Federation of Labor president, said today they had received a request from President Roosevelt urging them to effect peace within the labor movement but neither would discuss the contents of the request.

"Quite definitely, I'll have nothing to say today," said Lewis.

"I expect to make a formal statement later this afternoon," said Green.

Green denied he and Lewis had met on matters of peace.

"I haven't seen Mr. Lewis in more than a year," said the A. F. L. leader. "I don't know where he is."

Lewis said he had received the President's letter. Green said:

"I haven't received the original yet, but I know it's on the way."

HOLD TRUCK DRIVER IN FLAMING CHASE

Eight police cars took part in a thrilling seven-mile chase of a burning bakery truck today, halting the machine in Somerville, and arresting its driver at gun point after a wild race through Charlestown.

Officers in a Joy street station patrol car sighted the truck, a light delivery car, as it traveled along Charles street at high speed.

The police streaked after the truck as it crossed the Charles river on the Longfellow bridge, then headed toward Charlestown via Prison Point bridge. Radio Dispatcher William Gilpin at Boston police headquarters ordered more cars from Charlestown, the North End and Back Bay to close in on the Bunker Hill area as the fleeing truck zigzagged through side streets.

Hitting a 75-mile clip, the chase slipped back toward Sullivan square. Flames broke out in the rear of the truck, which looked like a sky-rocket slipping through the darkness and was a target for five shots fired by Patrolman Charles Pirelli of the West End.

The truck was stopped on Somerville avenue near Miriam street, Somerville. Police said the driver gave the name of George M. Lindsey, Jr., 25, of Massachusetts avenue, Cambridge.

Arraigned in municipal court, Lindsey was charged with three violations of the automobile laws. He pleaded not guilty and was held in bonds of \$300 for a hearing Monday.

DRIVER of burning bakery truck that was finally halted by police after wild chase through Charlestown and Somerville, George M. Lindsey, Jr., of Cambridge is held by police on charges of motor law violations. Shots were fired by police.

Song Wins Waitress Star Role

The world is rosy today for talented and pretty Marie Timmons, 26-year-old Cambridge singing star.

In one month she has sung her way out of a Boston restaurant and into one of the starring roles in George Abbott's production, "The Boys from Syracuse," the musical comedy hit of Broadway.

Miss Timmons, whose home is in Crescent street, Cambridge, is a graduate of the New England Conservatory of Music. She was a singing waitress in a Boston restaurant when Wynn Murray, singing star of the show, visited the restaurant.

She laid down her tray and sang him a song, as is the custom in the restaurant. He was impressed and asked her name.

Four weeks ago, Marie got a hurry call to join the show in New York.

Last night she stepped into one of the roles of Marcy Westcott, whose understudy she had become.

Miss Westcott was suffering from a cold and tonight the Cambridge understudy may return to her post in the wings—but not for long, according to those who heard her brilliant debut.

Miss Timmons attended the Cambridge schools before her graduation from the Conservatory and also the Boston University School of Music. Her parents are Mr. and Mrs. W. F. Timmons.

She worked in a Massachusetts book shop near her home before her talented voice won her the first chance in a Boston restaurant.

Save 2 Women, 4 Men Off R. I.

WARWICK, R. I., Feb. 25 (AP)—Four men and two women were rescued from icy waters of Greenwich bay today after a skiff capsized as one of the party tried to board a yacht from the skiff.

East Greenwich firemen pulled the group from the water and after giving them first aid took the women to Rhode Island Hospital, Providence.

Helen Jordan, 39, West Warwick, was held for treatment for immersion. Josephine Renzdes, 28, Hillsgrove, was treated and released.

A third girl, Rose Maretti, 21, Cranston, was aboard the yacht when the skiff overturned. Carl Frederickson, 29, Raymond J. Burnell, 29, of East Greenwich; and Earl Tourangeau, 30, Apponaug, were thrown into the water. They managed to hold up the girls until they could grab hawsers and the skiff.

Runaway 'Slats' Back Home To Gladden Heart of Girl, 7

"Slats" the dog pet of Marilyn McCall, 7, was back in the arms of his mistress today—and that's why most everyone who likes nice little girls, and even rascally puppy dogs, was glad.

The Boston Evening American is also kind of glad about it, for this paper wanted to get back Marilyn's pup—and did so.

You remember the story the other day? How the child was grieving her heart out at her home in Broadway, Somerville, and wouldn't someone please do something about it?

A kindly insurance salesman found the wandering "Slats," 15 blocks from home. He had followed a new playmate to a new home, but when everything was explained, "Slats" went back to Marilyn, and now everyone seems happy.

Co-Ed Attacked, Slain on Campus

LOS ANGELES, Feb. 25 (INS)—A beautiful Los Angeles City College co-ed was attacked and beaten so severely she died early today.

The girl was Ayna Sosayera, 27-year-old Russian dramatic student, according to police.

Miss Sosayera, whose skull was fractured, collapsed on the campus of the college, according to Wally Meyers, an acquaintance, who carried her into the college and called officers.

"I've been hit," Meyers said the girl gasped before she lapsed into unconsciousness.

Efforts to revive her were fruitless and she was taken to the hospital where she died. An examination revealed she had been attacked.

Myers, who said he was a classmate of the girl's, was questioned by detectives.

According to his story, the young woman staggered toward him, her clothes torn and disheveled, and fell at his feet just before evening classes at the college were dismissed. She had been absent from classes, police learned.

Miss Sosayera lived with Miss Ann Stanley, a girl friend, and officers were attempting to learn from Miss Stanley what the co-ed had been doing earlier in the evening.

GARBO PLANS NEW VISIT TO SWEDEN WITH STOKOWSKI

GRETA GARBO

LEOPOLD STOKOWSKI

Less than ever, now, does glamorous Greta Garbo "want to be alone."

More than ever she thinks "two's company"—if the other one is gray-haired but gallant Leopold Stokowski, former conductor of the Philadelphia Symphony Orchestra! They're going to sail together for her native Sweden this spring, a cable from Stockholm revealed today.

And that lent renewed weight to the long-current Hollywood rumors of a Garbo-Stokowski romance.

ALREADY WED? SH-H-H!

Time was, not so long ago, when Greta and the internationally famous orchestra maestro used to be seen together, here and abroad, with a buzz of conjecture and speculation following them.

It was even guessed for a while they might be secretly married.

Brush reporters asked them, but the only answer was a chuckle from Stokowski and a more than usually icy stare from enigmatic La Garbo.

CHAPERONE WITH THEM

When they visited European resorts together, they bowed to convention and were accompanied by a chaperone.

Then gradually, the "romance" seemed to be petering out.

Today's dispatch from Stockholm put a brand new face on things, however.

It started the "I-told-you-so" folks giving odds the Garbo-Stokowski transatlantic voyage in April or May might be a honeymoon.

Ostensible reason for Stokowski's sailing is an orchestra concert he'll conduct in Stockholm on May 25.

But La Garbo? It seems she just doesn't "want to be alone!"

HOLLYWOOD, Feb. 25 (INS)—Joan Blondell, glamorous blonde screen star, was in a Hollywood hospital today for treatment of a sinus infection.

THE WAY TO QUIET BUSINESS FEARS SPEEDED

Congress Eases Up on Monopolies

WASHINGTON, Feb. 25 (AP)—The Roosevelt administration's effort to quiet business fears and encourage private investment gained impetus today from a statement by Democratic Leader Barkley of the Senate that he had received word no general anti-monopoly legislation would be offered at this session of Congress.

Barkley told reporters he had received this information from Chairman O'Mahoney (D.), of Wyoming, of the special committee of legislators and government officials appointed to investigate monopoly and other economic subjects.

The Senate leader added, however, that the committee would add additional funds—probably at least as much as the \$500,000 appropriated for it last year—to continue its investigation.

Barkley's announcement was one of several apparent indications that the crop of new laws turned out at the present session of Congress might be comparatively small.

Another was the statement of Secretary of Commerce Harry L. Hopkins, in an address at Des Moines, Iowa, that, "with the emphasis shifted from reform to recovery, this administration is now determined to promote that recovery with all the vigor and power at its command."

He expressed conviction that an environment in which private capital would be encouraged to invest could be created without compromising the administration's "great reforms."

First comment from business circles indicated a favorable reaction in general, to the cabinet members' speech. However, there were some who advised their appraisal of his plans with a suggestion that business wait for a practical demonstration of his program.

W. A. Harriman of Harriman, N. Y., chairman of the Union Pacific Railroad board of directors and chairman of the business advisory council for the Department of Commerce, said the speech "should be encouraging to everyone responsible for the conduct of business."

Floyd B. Carlisle, chairman of Consolidated Edison Company of New York, and Wendell L. Wilkie, president of Commonwealth and Southern Corporation, commented favorably on Hopkins' speech.

Business Studies Hopkins' Address

DES MOINES, Feb. 25 — American business men today studied an invitation from Secretary of Commerce Harry L. Hopkins for labor, agriculture and business to join government "on the same side of the table" to work out the nation's economic problems, Hopkins said.

"I am firmly convinced that if we could find a way to break the log jam of private investment in the field of utilities, railroads and housing, we will have gone a long way toward taking the essential steps to ultimate recovery."

"The government earnestly wishes that these things be accomplished, and we ask that labor, the farmer and business men join us—not across, but on the same side of the table—to accomplish our common purpose."

If Hopkins is maneuvering for the Democratic presidential nomination in 1940, he made no reference to elections in his address. Political observers, however, considered it significant that he made his first "dress speech" as commerce secretary in Iowa and they attempted to attribute to him a bid for the Iowa delegation to the Democratic National Convention in 1940.

W. R. HEARST'S RADIO TALK LAUDED BY VETS

The recent broadcast and editorial of William Randolph Hearst entitled "What Is America's Foreign Policy?" was termed "one of the most constructive and definite interrogatories placed before those who head and guide the destinies of our nation," in a resolution adopted today by Disabled Veterans of the World War.

Commenting upon the recent Hearst broadcast State Commander Eugene C. Sheehan of Somerville said:

"The citizens of the United States should not be kept ignorant of what steps are being taken in Washington relative to our government's foreign policy. In addition they should not be kept in the dark relative to anticipated moves in this direction."

"The disabled veterans throughout the nation, especially here in Massachusetts, I know, are anxious for the truth about Amer-

ica's foreign policy which requires more definition and elucidation than thus far offered by President Roosevelt and Secretary of State Cordell Hull."

"Have any answers been forthcoming from Washington?"

"We do not want to be dragged into any more wars unless the life and liberty of our people are directly endangered by an aggressive nation or nations."

A further resolution commending Mr. Hearst and the Hearst newspapers for their support in the armament programs was adopted by the disabled veterans.

U. S. Plans To Fortify Puerto Rico

WASHINGTON, Feb. 25 (INS)—Uncle Sam's answer to Chancellor Hitler's declaration that Nazi penetration of South America "is nobody's business but Germany's" will be fortification of Puerto Rico as an impregnable "Hawaii of the east," it was learned today.

The West Indian island possession will be converted into a combined navy and army air and submarine base, bristling with high-powered arms, as the spearpoint of America's defense of the Western Hemisphere in the Atlantic.

Immediate plans call for: Installation with a minimum of delay of a naval submarine and air base on Isla Lagrande in San Juan harbor.

Establishment of an army air base on the island proper with heavy stationary and mobile long-range coast and anti-aircraft artillery.

Erection of huge underground gasoline and fuel oil supply tanks.

Stocks Spurt On Hopkins Talk

NEW YORK, Feb. 25 (AP)—Stocks moved up at a fast pace in today's early market dealings, leaders gaining fractions to around 12 a share.

With a tape a minute late after the start of trading, prominent issues on the advance included U. S. Steel, Bethlehem, General Motors, U. S. Rubber, Santa Fe, Pennsylvania, Western Union, Consolidated Edison, Westinghouse, Chrysler, Great Northern, Douglas Aircraft and du Pont.

Blocks of several thousand shares changed hands on the upswing. The Des Moines speech by Secretary of Commerce Hopkins was the principal subject of discussion in boardrooms.

EVELYN MCCARTHY Expert on Handwriting

Girl State's Forgery Case Trump

BROCKTON, Feb. 25—Miss Evelyn McCarthy of Boston, young Simmons, Vassar and Portia Law School graduate, was revealed today as the state's star witness in the trial of Arthur H. Gadd, chairman of the Hanson board of selectmen, on trial on five indictments charging him with uttering, forging and perjury.

The pretty lawyer and handwriting expert was called to give opinion on alleged forgeries on town receipts.

Gadd, for 18 years tax collector, was charged with forging the signature of Town Treasurer William P. Howard to receipts for \$428.99 from the city of Lynn for welfare and from the town of Pembroke for \$61.

Photographic copies of the signatures were submitted to Judge Harold P. Williams by Walter Tompkins, state police photographic expert.

The signatures, Miss McCarthy testified, showed pencil marks under the ink, indicating that they were drawn or traced not written. She said that they were copies of signatures made many years ago.

The receipts were inspected by Judge Williams and members of the jury, who left the jury box to view the signatures through an electrically illuminated microscope at the bench.

Hull, Welles Grippe Epidemic Victims

WASHINGTON, Feb. 25 (INS)—The epidemic of grippe which has swept Washington for the past two weeks, today listed two more victims in high official quarters. Secretary of State Cordell Hull and Undersecretary Sumner Welles. Both, however, were expected to return to their duties today or Monday.

Thrice-Wed Widow's Suit Waits Proof of Divorce

FALL RIVER, Feb. 25—Rival counsel today prepared briefs here on the legality of a Mexican divorce, declared by Judge Mayhew R. Hitch to be the hinge point in a contest over administration of the estate of the late Frederick Durfee, wealthy clubman.

Contestants were his dashing widow, thrice-married Mrs. Beatrice Lee Durfee, and the clubman's parents, Mr. and Mrs. William Durfee, Fall River socialites. The estate is estimated at \$100,000.

The widow told a story of ardent love in which she was swept off her feet by Durfee during a Mediterranean cruise.

Indefinite postponement of the case was ordered for the filing of briefs. If the divorce is found legal, hearings will be resumed.

Prior to her marriage to Durfee, she was the wife of Fred A. Rankin of Indiana, whom she divorced in 1934. She testified she married him "on a dare," and that they had never lived together as man and wife.

Durfee's love-making, against a background of silver sea, golden moon and scented breezes, proved irresistible, the witness testified, and on her return she immediately prepared to get a divorce. This was obtained in Juarez, Mexico, in 1934, and a few months later she married Durfee, who died last October.

In 1937, Mrs. Beatrice Durfee filed suits for \$100,000 each against

her husband's parents, charging alienation of affections, and the actions are still pending.

Under examination by her counsel, Atty. Harry Dolan, of Boston,

FIGHT for Fall River estate of late Frederick Durfee, wealthy clubman, is being made by his widow, who married him in 1934. She had been wed two times previously. She told of his ardent love-making on Mediterranean cruise that swept her off her feet.

young Mrs. Durfee told the story of her various marriages, which began in 1913 when she was wedded to Arthur Allen Lee, only to divorce him 10 years later.

Liquor Spots Face Lure Racket Probe

Probe of a widespread "lure" racket at certain Boston drinking spots was in full swing today as the aftermath of the sobbing confessions of two girl lures, and three-to-12-year jail sentences imposed on the men who hired them.

LURES for bandit gang, Marie Oliver, left, and Fay Mikulka, sit in court and hear judge warn against reprisals against the pair for turning state's evidence. Sentencing of the two girls was postponed until March 16.

PRIEST TRIES TO END MINERS' SIT-STRIKE

HAZLETON, Pa., Feb. 25 (AP)—A parish priest took a leading part today in renewed attempts to end an underground strike of Wolfe Collieries Company miners who have been "holed up" in a pit at nearby Oneida for four days, demanding wages they claim are overdue.

The priest, the Rev. Joseph Baran, who once went down into the mine to plead with the men to come out, helped arrange a conference between a committee representing the strikers and Hugh V. Brown, district president of the United Mine Workers, to discuss the situation.

Brown has declared the strike was "unauthorized."

Five miners have been brought to the surface for treatment since the strike began, but 56 remained in the mine on levels 250 and 500 feet below the surface. Nick Seney, president of the union local, said they were determined to stay there and "fight for their rights."

They are demanding payment of \$25,000 in wages they claim have been due since 1937, payment in cash of current wages due February 20, and a twice-a-month pay schedule.

The miners rejected the company's offer of checks covering the February pay after they were told they would have to obtain the checks at the company office—on the surface.

Commencement Denied Nurses

PEABODY, Feb. 25—No money being forthcoming from the city, there will be no commencement exercises for the graduating class of the J. B. Thomas Hospital Nursing School.

And 13 girls who studied hard for three years for their diplomas are pretty pined about it. They'll get the usual diploma, cap and pin, and possibly be better nurses than girls that were graduated with all the ancient ritual, but many had mailed out invitations to their relatives.

The investigation, to be pushed before a Suffolk County grand jury, came with a series of startling scenes in Suffolk superior court, where Judge Raoul H. Boudreau passed out the long sentences.

The jurist declared a government witness had been threatened and that the terms to be served depended on the safety of the witness.

Revelation of the "lure" racket, scheduled to result in a long series of arrests, came as Judge Boudreau imposed sentence upon Ralph Conti, 24, of Marion street, East Boston, and Jerry—"Jerry the Butcher"—Landoli, 21, of Bulfinch street, West End.

Judge Boudreau made it plain that any reprisal attempted by friends of the convicted pair will result in their serving the maximum sentence of 12 years each. In accordance with normal procedure they would be eligible for parole at the end of three years, at the discretion of the parole board.

As a result, sentencing of the two girls, Fay Mikulka, 20, of Porter st., Chelsea, and Marie Oliver, alias Marie Silver, 19, of South Margin st., West End, was deferred until March 16 and they were held in \$10,000 each.

It was reported that the girls will be used as government witnesses when new evidence in connection with an alleged "lure robbery" racket is presented before the grand jury.

Dist. Atty. Foley declined to comment on reports that three of the men whose names were given him by the girls yesterday had been courtroom spectators during the trial.

The government witnesses allegedly singled out in the reprisal rumors, according to the district attorney's office, was Andrew Trion, of Everett, night attendant at the Customhouse Garage, near the scene of the robbery which occurred in the early morning hours of January 4.

Trion was the only witness to identify Conti and Landoli in court, even the two victims failing to do so.

The victims are two young Chicago draftsmen at present working here, Paul Knudson and Frederick M. Plambeck.

According to testimony the girls made a "pick-up" acquaintance with them in a Washington st. cafe and then lured them to an open-air garage near the Customhouse where they were set upon and beaten by a gang of five or six men.

JINX feared by Mrs. Irene Castle McLaughlin so she has asked court to postpone a contempt hearing from March 13 to April 5. She failed to return son William, 12, shown with her, for visit with her estranged husband.

Detectives went to the Katz home and they picked up the little victim and rushed him to the station house to see if he recognized the prisoner as one of the men who kidnapped him and released him for \$250 ransom.

Both abductors are ex-convicts, police said.

Only \$250 ransom was actually paid, although the kidnappers had demanded \$7000 from the boy's father, George Katz, a race track bookmaker.

Soviet-Jap Battle Lasts for 2 Hours

TOKYO, Feb. 25 (INS)—A two-hour clash between Japanese and Soviet troops near Liupien on the Argun river on the Soviet-Manchukuo frontier was reported by the official Japanese news agency today.

Fifty Soviet cavalrymen, it was said, opened fire on Japanese border patrols, and later attacked another Japanese detachment five miles southwest of San-Ha.

RUDY, HEART ALL A-THRILL, WAITS TO SIGN NEW STAR

NEW YORK, Feb. 25.—With a palpitating heart—they say—and a pen poised to sign her to a singing contract, Crooner Rudy Vallee waited impatiently here today for the arrival of Angelita Harmes, brown-haired Chicago radio star.

MRS. THELMA BLAY

Westwood Divorcee Hurt In Car Crash

Thelma L. Blay, 27, attractive Westwood wife who won a divorce in Dedham probate court last Thursday after testifying her husband, Paul, was too attentive to his divorced wife, was seriously injured in an automobile accident on the holiday.

According to a report made to Brookline police, Mrs. Blay was a passenger in an automobile operated by Veal S. Day, of Buckminster road, Westwood, which was in collision with a car operated by John T. Connelly, off St. Mary's street, Newton Lower Falls.

Suffering possible internal injuries, Mrs. Blay was held for X-rays and observation at the Peter Bent Brigham hospital, the report stated.

Mrs. Connelly also was listed as injured, having been treated for cuts and bruises about the face and head. The crash occurred on the holiday night, in High st., near Chestnut st., Brookline.

The day before Mrs. Blay had been granted a divorce, the right to resume her maiden name and \$5 weekly support by Judge George M. Poland.

The western singer, widely mentioned as the reigning heart interest of Rudy, was all set to speed east after obtaining a divorce in Chicago from Seymour Laney, 27, New York paint firm executive.

She also won support money for a son, Barton, 20 months old. Only the most intimate of her friends knew she was a wife and mother, having been married in Crown Point in 1935.

After the divorce was granted on grounds of cruelty, Laney stepped up, offered his arm, and said:

"Now let's go to lunch, dear."

Angelita admitted she was coming east to sign with a name band but to questions concerning Rudy, she only answered:

"You'll just have to wait and see."

She won her first fame as "peach queen" at the Michigan festival at Benton Harbor in 1931, when she was only 18.

Angelita separated from her husband on January 10. In her divorce action, she accused him of slapping her twice and beating her on September 1, 1938.

News that she was the ranking "pashime" of Crooner Rudy was first revealed by Walter Winchell.

Hunt Ex-Convict In Cellar Murder

A paroled convict, proud of his reputation as a dead shot, was sought by police of several cities today in connection with the gangland assassination of John W. Wheelock in his Malden gambling cellar.

Detectives were confident they could round him up, equally confident that his detention would lead to the arrest of the other three concerned in the Wheelock murder. "Paddy" Flynn of Everett, the one man who could possibly solve the case, hovered between life and death at Malden Hospital today. He was Wheelock's bodyguard.

The authorities believe revenge as well as robbery was involved when the four gunmen walked in and "stuck up" a stud game from which they reputedly stole \$14,000. Wheelock had many arguments with others in the racket, according to information.

FRANCO WILL ASK FOR NO REPRISALS

LONDON, Feb. 25 (INS).—Generalissimo Francisco Franco, triumphant on two diplomatic fronts as well as the battlefields of Spain has given Britain specific new promises that he will seek no reprisals against former Spanish government supporters, it was understood today.

With recognition by Great Britain and France a certainty for Monday, the insurgent chieflain also has pledged that he will maintain the sovereignty of the new Spain—meaning against domination of his allies, Italy and Germany.

Francisco's assurance, it was learned, were contained in a written communication handed to representatives of both Britain and France.

After reiterating that the insurgents desired immediate, complete, and unqualified capitulation of the Spanish government, Franco added the guarantee that only criminals need be afraid in the event of such capitulation.

Authoritative London circles consider the assurances adequate, although not exactly in the form which London originally hoped for. Prime Minister Chamberlain is expected to make the issue of recognizing Franco a question of confidence in the House of Commons.

He is assured an overwhelming majority, experts predict.

France Signs Secret Pact With Gen. Franco

BURGOS, SPAIN, Feb. 25 (INS).—Three documents embodying agreements reached between France and insurgent Spain were initiated in Burgos today by Senator Leon Berard, French envoy, and Count Francisco Gomez Jordana, insurgent foreign minister.

After the signature of the documents, the nature of which was not disclosed, Berard left for Paris to report to the French government. The initiating ceremony took place after a final conference between Berard and Count Jordana.

Before leaving Burgos, his task completed, the French senator had a cordial telephone conversation with Generalissimo Francisco Franco.

Kennedy's Son on Madrid Tour

MADRID, Feb. 25 (AP).—Joseph P. Kennedy, Jr., 25-year-old son of the United States ambassador to London, visited part of the devastated area around Madrid today.

On a tour to see what Madrid looks like after more than two years of siege, young Kennedy tramped around the Duke of Santa Elena's palace, which has suffered enormous damage from bombing and shelling.

BRINGING UP FATHER

HUNGARY FACES NEW NAZI MOVE

BUDAPEST, Feb. 25 (AP).—Hungarian police investigated tips today that the Hungarian Nazi movement, abolished by a nation-wide raid yesterday, was re-forming to continue underground as an illegal political organization.

A question giving concern to authorities was whether they had smashed the troublesome movement, by raids in which more than 500 persons were arrested, only to have it replaced by a more disturbing undercover activity.

Several Hungarians had boasted that they did not fear being outlawed because they already had set up a framework of activity outside the law.

Experts at the interior ministry were able to decipher documents in code seized at Hungarian headquarters.

Police declared they had evidence that the Hungarians aimed at a chance in the state by violence.

The Hungarian program was known to be pro-German, but authorities said they could not supply direct evidence that money was sent from Berlin to support the movement.

Foreign Policy Splits Senate

WASHINGTON, Feb. 25 (INS).—Democratic demand for a "sane" American foreign policy and adequate national defense conflicted in the Senate today, as preparations were completed for world-significant debate on both subjects next week.

The \$358,000,000 army expansion bill, already passed by the House, will provide the medium for discussion. It has been approved by the Senate Military Affairs Committee, which will release a report recommending passage today.

The measure came up for debate in the Senate chamber Monday. Charges of Adolf Hitler at Munich that democracies are re-arming, wipe out totalitarian states went unheeded as Republicans and Democrats united to send the big defense bill toward enactment.

"PHANTOM" GETS \$11

Chelsea's phantom burglar, who has victimized scores in the past two months, struck again early today, looting the home of Mrs. Fannie Aronson, of George Street, of two pocketbooks, containing \$11 in cash and a \$30 check.

General Hugh S. Johnson writes about Washington, every day in the Boston American.

Thousands Leaving France for Italy

quarters as due to one of two things:

1—Either Italy feared war with France might come soon, or;

2—Italy wanted "to frighten" the French into believing she was preparing to back up colonial demands on France with action.

Today's repatriation movement followed by a day a disclosure that Italian residents of Corsica, French island department near the Italian mainland, were returning home. The Italian embassy estimated the number to leave Corsica on Monday at about 1000.

Italy estimates the number of Italians living abroad at 10,000,000, a figure which does not take into account naturalizations and includes the children born of Italians abroad.

(According to this figure there are 992,000 Italians in France, 574,000 in the United States, 1,837,000 in Brazil and 1,826,000 in Argentina. Mussolini wants to get as many as possible of these under the Italian flag.)

Italian flags were set up in standards in the Lyon station in Paris as the assembly point for the Italians leaving today aboard special trains, leaving at 5:15 p. m. (12:15 p. m. E. S. T.)

Nazis List 100 Jews Each Day for Exile

BERLIN, Feb. 25 (AP).—The Berlin police authorities today acted to speed emigration of Jews by serving notice on the Jewish community that it must furnish each day the names of 100 Jews who then will be required to leave the country within two weeks.

A semi-official announcement earlier said 240,000 Jews had left Germany since the Nazis came to power January 30, 1933, the majority of them going to the United States.

The statement was the first authoritative indication of how many Jews had joined the six-year exodus to escape anti-Jewish measures.

Since new action against them was instituted last November, after the slaying of Ernst Vom Rath, German embassy secretary in Paris, 100,000 Jews have emigrated, the statement declared.

Next to the United States, South American nations received the bulk of the emigrants. France, England, Belgium, The Netherlands, Switzerland and China were listed as also having taken large numbers.

The best previous information had placed the number of Jewish emigrants at 215,000.

An estimated 500,000 Jews are still trying to leave Germany.

Italy Calls Her Sons From Round the World

ROME, Feb. 25 (AP).—Italy began to call home her sons from abroad today in accordance with Premier Mussolini's repatriation movement announced more than three months ago.

The repatriation program was launched Jan. 17 with creation of a commission "to facilitate and coordinate" the return of expatriate Italians who desired to come back.

The government on Dec. 12 appropriated 10,000,000 lire (\$376,000) for repatriation.

The first Italians to return under the program numbered 100. They came from France last Christmas. Others were expected from the United States, South America and any other foreign land where they were encountering either hard times or a feeling of antagonism toward their political faith in Fascism.

U. S. AIDE DEAD IN GERMANY

BERLIN, Feb. 25 (INS).—Prentiss R. Gilbert who, as counselor in charge of the United States embassy, handled some of the most difficult problems in the strained relations between America and Germany, died today.

German-American differences were forgotten following his death as the Reich foreign office lowered its flag to half-mast.

Dr. Hans Dieckhoff, recalled from his embassy post in Washington after Ambassador Hugh R. Wilson was summoned back to the United States, telephoned his condolences to Mrs. Gilbert.

Government officials also sent messages of sympathy to the widow and Mrs. Cesare Orsenigo, papal nuncio, spoke for the diplomatic corps as its dean.

The foreign office instructed all German newspapers to publish the following tribute to Gilbert:

"The tragic death of an American diplomat in the midst of his work has caused sincere sorrow in Berlin.

"Prentiss Gilbert was honored and appreciated by all German officialdom thanks of him in honorable remembrance, for he devoted his entire abilities to the fulfillment of his responsible task."

Fifty-five years old a veteran of the military and diplomatic ser-

vices since the Spanish-American war, Gilbert was a victim of heart failure. His health had been poor in recent weeks, and he was under the care of a physician.

Gilbert, during his service, frequently relayed Washington's representations to the German foreign office, insisting that Jews of American nationality must be exempted from confiscatory and restrictive anti-Semitic regulations.

Gilbert, son of an army officer, was born in Rochester, N. Y., October 3, 1883.

He studied at Rochester, Yale, Columbia, and the U. S. Army War College.

Anti-Nazi Riots Spread in Poland

WARSAW, Feb. 25 (INS).—Two windows were smashed today in the German embassy in Warsaw shortly before arrival here of Italian Foreign Minister Galeazzo Ciano as increasingly serious anti-German student demonstrations caused tension in Polish-German relations.

The riots were staged in Warsaw, Poznan and other cities.

And All the News of the Day

By GEORGE LEWIS

DO YOU KNOW the beautiful story of the Life of Christ? As you've grown to maturity have you forgotten the inspiring, New Testament account of the Saviour's thirty-three years on earth? As a parent, are you sincerely trying to give your child the priceless possession of faith?

These questions are important, for they direct your attention to the exceptional Lenten features that begin tomorrow in the Boston Sunday Advertiser and continue daily in the Evening American.

The feature, written by Collin Cline, takes you back 19 centuries to the Imperial era of Augustus Caesar, when Palestine was a Roman province.

You see the Nativity scene in the lowly Bethlehem stable. You gain a new understanding of the boyhood of Christ. You watch Him in later years travelling with His disciples, healing the sick, raising the dead, converting the multitudes.

You are able to see these miracles because the world's foremost works of art depicting the Saviour's life are used as illustrations. Some of them are centuries old. A few are by contemporary artists. But all of them are recognized as truthful, sympathetic portrayals of Religion's most beautiful story.

Begin "The Life of Christ in Pictures tomorrow in your Sunday Advertiser and follow it daily in the American. Make this reading a part of your Lenten observance.

BEACON Hill receives prominent mention in tomorrow's Advertiser. Writing in the Green Magazine, Marjorie McBride describes that interesting woman, Mrs. L. F. G. Crandon, familiarly known as "Margery".

As you undoubtedly know, "Margery" is the gifted seeress who has made astounding predictions. She now reports on her talks with Sir Arthur Conan Doyle, who passed from this world a few years ago. Many thrills are available in Paul Whelton's Green Magazine story titled "The Dance of Death." Mr. Whelton presents amazing facts about the Maine school teacher who was slain in one of New England's most deplorable crimes.

Ann Marsters pens a new chapter of her Lotta Crabtree biography. For your added interest, she illustrates this with pictures never before printed in a newspaper.

Lucius Beebe brings you "This New York," his brilliantly-told column of happenings in top flight society. You will particularly enjoy his account of a luxury trip across the United States in one of the new trains, equipped with everything you would expect to find in the richest metropolitan club.

THE SMART SET MAGAZINE will interest you for hours. No matter what your occupation or avocation, you will find enjoyment here. If you're a housewife, you will surely like Martha Lee's kitchen department. All her recipes are tested and do not require unusual skill or expert training to be satisfactorily prepared.

You will also like the pictures and story of the Boston society party. And most certainly you will read Thomas B. Morgan's "Life of Pope Pius XI." Mr. Morgan, Papal Court reporter throughout the reign of the late Pontiff, makes you feel that actually you yourself were a part of the activity of the Vatican.

ADVERTISER NEWS COLUMNS contain so many interesting articles that we cannot possibly list them all in this limited space. We must be content with suggesting that you read such features as:

Prosperity in Hingham, Quincy and Weymouth. It concerns the survey now being made to give these communities the opportunity for development that has too long been denied them.

"Married Models!" This is the story of a young woman who wears \$10,000 sables and minks and \$500 gowns in the afternoon, then gladly returns to her humble home and average-waged husband in the evening. "Learn to Fly!" If you're a young man, you will consider this "must" reading. For it shows how the Government is teaching aviation without cost to ambitious youth.

Other important stories are by Representative Francis X. Coyne, who, having concluded a Western tour, advocates a curfew law to reduce crime in Massachusetts, and by Robert Briscoe, only Jewish member of the Irish Free State Parliament.

THE SPORTS PARADE will entertain and inform every New England athletic fan. Eddie Collins selects the all-time-all star baseball team, making his choices from the two major leagues.

Jack Conway, Bob Considine, Bill Corum, Dan Parker, Ed Cochran, Austin Lake and Joe Cashman, in the Sports Cavalcade, discuss all branches and fields of sportdom.

YOU WILL NOT FAIL to enjoy the AMERICAN WEEKLY, which is distributed with your Sunday Advertiser. Don't miss:

"Why We Liked to Be Scared Stiff," the authoritative opinion of Dr. Donald A. Laird, eminent psychologist; "The 13 Jinx That Trailed Mr. Dingwall's Trailer," the truthful account of what occurred following that breaking of a mirror; "Beauty Out of the Melting Pot," a feature that reveals how the blending of many varying races go to make up the "typical American" girl; "Our Child Marriages," a thought-provoking account of deplorable conditions tolerated in many States, and "Life from Robot Hearts and Lungs Outside Your Body during Repairs," a scientific story showing the progress that enables surgeons to perform operations that would have meant death ten years ago.

CARDINAL REACHES MOROCCO

(Special to the Boston Evening American)

ABOARD S. S. SATURNIA, Feb. 25—Cardinal O'Connell today expressed his hope of going ashore to visit the city of Casablanca, Morocco, as the S. S. Saturnia approached that North African port this morning.

While the liner rests at anchor in the harbor facilities will be arranged for the Cardinal to go ashore by tender, if he wishes.

Ever since the Saturnia left Tenerife in the Canary Islands, rough seas have repeatedly rocked the ship. Cardinal O'Connell and his companions maintained their schedule of strolls about the decks, however, in spite of the stormy weather.

Reports from the liner Neptunia, bound to Rome from South America, indicated she is running on schedule. The Boston prelate will board the Neptunia Monday afternoon at Algiers for the final leg of his journey to Rome.

The Neptunia is scheduled to arrive in Naples next Wednesday morning, March 1. A fast automobile will be waiting at the pier to carry Cardinal O'Connell to Rome.

Congress to Hear Roosevelt, Hughes

WASHINGTON, Feb. 25 (AP)—President Roosevelt and Chief Justice Hughes have accepted invitations to address a joint session of the Senate and House next Saturday in commemoration of the meeting of the first Congress under the constitution 150 years ago.

Vestments Made For New Pontiff

The ceremonial vestments in which the new head of the Roman Catholic church—still to be selected by the conclave—will appear before a welcoming multitude in the vast amphitheatre encircled by Bernini's columns in St. Peter's Place are described today by Hugh Walpole, celebrated novelist.

By HUGH WALPOLE

World copyright, 1939, by International News Service
VATICAN CITY, Feb. 25 (INS)—Although the conclave is still five days away, the personality of the new Pope is already faintly assuming shape.

It is a matter so far of clothes, but there is a definite approach to reality in the knowledge that the beautiful papal robes have already been created, but created in three sizes—the birth of a Titan, the normality of a Gulliver, and the minutiae of a Lilliput.

These beautiful robes are there because directly after the Pope is elected, he will appear to show himself to the people on the balcony of St. Peter's facing the thousands waiting for him.

It is one of these three garments that the Pope will then be wearing, and it is because there will be no time for any fitting or reshaping that these three different sizes are necessary. But I have noticed with the knowledge that these garments already exist, and filling of them in the mind's eye by the figures properly suited to them, Cardinal Della Costa, for example, is a little man with a big spirit. There are others, possibly for big men.

But at present we have when we look at these three robes, a first sign of the pagantry of this great ceremonial rising in a sort of color mist before our eyes but with those human being inside it from this day onward, I foresee increasing elaboration of all the vestures and

insignia of the splendid coronation.

The reason of the interval between the election and the coronation is that it is only after the election that the physical size of the new Pope can be determined.

Today will see the dress rehearsal in the Sistine Chapel of all the cardinals for the opening of the conclave next Wednesday.

LIFE OF BETTE DAVIS

Codfish Cakes in Hollywood

It is fitting that this series should end on a note of great exaltation . . .

Bette Davis has been awarded the Motion Picture Academy award for 1938, the second time she has been so honored. In 1935 it was for her work in "Dangerous"; this time it is for her role in "Jezebel." Some days ago it was stated here that she was one of the principal candidates, but none knew then she would win.

On their behalf, those who have followed the story, the Boston Evening American offers congratulations . . .

By GEORGE W. CLARKE

Copyright, 1939, by the Boston Evening American.

Devotion to duty . . . That is the keynote of Bette Davis' career in Hollywood.

No one in Hollywood who works harder, or gives more complete and painstaking preparation for a role. She pays so much attention to background, to the details of characterization which, in the final analysis, go to create the kind of a screen performance which is hailed as great . . .

Such preparation and work, require complete concentration, leads to abstractions easily misunderstood.

On the other hand—yes, this is an effort to explain what happened to break up Bette's marriage to Harmon O. Nelson, her girlhood sweetheart—can a young man, very much in love with his wife, be blamed if he resents such abstractions?

Careful study of their marital debacle shows clearly that neither was to blame. Misunderstandings? Yes. Lack of tolerance, no for the other? Perhaps. Jealousy? Maybe.

BETTER WORDS FLOW

They came finally to that period of great silences and bitter words. Maybe it was too difficult being "Mr. Bette Davis" to a lot of people. "Ham" had his own business, true, but rather than a successful Hollywood agent, he was known as "Bette's husband." And Bette, high-strung, temperamental, may have resented his resentment.

She once said: "Hollywood just won't let people stay married and happy. You can't even so much as talk to another man without starting loose tongues wagging. You can't go on a vacation by yourself without starting rumors of a separation."

At the divorce hearing, Nelson said:

"She thought her screen career more important than marriage."

READ CONSTANTLY

She read all the time, he said—books, plays, manuscripts. She read even in the presence of company. She didn't answer his questions. They had planned to go away together, but—

"She went with her sister, instead."

On December 7 he won an uncontested decree, and left next day for New York to take a job with an advertising agency.

Since her divorce, Bette has been even more devoted to her work, but has never lost her interest in New England. Some time ago the Boston motion picture critics were in Hollywood and, she, without having to, looked them up, had them to tea, and chatted for hours about such homely things as the pigeons in Boston Common, her aunt's home, which was then on Joy street, on top of Beacon Hill, of Newton,

BETTE DAVIS
"Hollywood Won't Let Us Stay Wed"

where she spent two years in high school.

There is no other man in her life at the moment. There are those who believe she still loves "Ham" Nelson, that one day they will be reconciled.

She has just completed what many say is the best role she has ever had. The screen play is "Dark Victory," and she plays opposite George Brent. She is now working on "Juarez" with Paul Muni.

Mrs. Ruth Davis, her mother, she who was so responsible for her career, is with her. Sister Barbara lives close by.

She is very happy . . . but she still loves and longs for her New England home . . .

THE END.

Wagner to Urge Health Insurance

NEW YORK, Feb. 25 (AP)—Health Insurance for workers, termed by Senator Robert F. Wagner (Democrat) New York "the most important social legislation I have sponsored," will be introduced in Congress Monday or Tuesday, the senator told a meeting of electrical union men here.

The bill, he said, would provide features "so the workers will have insurance against illness and for medical care."

Coyne Would Have House Honor Bette

A resolution extending to Bette Davis the warmest congratulations of Massachusetts on her Academy Award was filed with the clerk of the House Representatives today by Representative Francis X. Coyne of Dorchester.

The Newton and Cushing Academy girl, honored for the best performance of a film actress in 1938, was glowingly hailed as "Massachusetts' Own Ambassadors of friendliness and good will" in the Coyne resolve. It was to be acted upon in the House on Monday.

Miss Davis, perhaps America's greatest emotional actress, was given the Academy Award for her performance in "Jezebel." Once before she was given the No. 1 Hollywood prize—in 1935—for her work in "Dangerous."

A safe containing \$750 worth of platinum was used in the chemical laboratory of Massachusetts Institute of Technology was found to have been stolen.

13 INJURED AS TRAIN TAKES 20-FOOT PLUNGE

LARAMIE, Wyo., Feb. 25 (AP)—Injured when five cars of the Union Pacific's "Pony Express" passenger train "keeled over" a 20-foot embankment in southern Wyoming, 13 persons were under treatment today at a hospital here and five others were in a Rawlins, Wyo., hospital.

Three persons were able to leave the Laramie Hospital after receiving first aid. Only one victim was reported in serious condition.

W. W. Jaeger, of Des Moines, Iowa, one of several insurance executives bound for the Golden Gate exposition at San Francisco, said his fellow passengers "kept their heads pretty well" when the cars jumped the track and overturned near Bozler, Wyo.

ASLEEP AS CRASH CAME

Jaeger said he and his wife were sound asleep in their berth but awoke when they felt "the bumping of the wheels over the ties."

"There was a smash, a crash and I sensed the car sailing through the air," Jaeger said. "Then the car keeled over on its side and came to rest."

Ambulance drivers were impeded by a driving fog while driving to the scene of the wreck, where the injured were swaddled in blankets against the zero cold.

Dr. E. W. Dekay, Laramie physician, said he had to kick out a window before he could enter one of the Pullmans and start boosting out the injured passengers. He cut one of his legs on the broken glass.

Several hundred yards of track were torn up when the train was derailed.

Union Pacific officials here declined to explain the cause of the accident. At Omaha, Neb., officials of the line said a broken axle on the diner was to blame.

Report Howland Seen in Texas

MILTON, N. H., Feb. 25—Search for John H. Howland, accused in the murder of Maude F. Horne, 61, turned today to the Mexican border after it was reported that the ex-sailor and his 15-year-old cousin, Aida Butler, were seen at McAllen, Tex.

A police of the border town questioned a couple at a tourist camp, then allowed them to depart. Only about 10 miles from the place is the Rio Grande, and Mexico.

McAllen authorities said the man gave a San Antonio address, but they are now convinced that he was the missing man. They were less certain of the identification of his woman companion as Miss Butler.

Stolen Pigeons Found; Seek Boy

Seven valuable pigeons were recovered by Newton police today as an 18-year-old youth they had been seeking dashed away in an automobile.

The pigeons were located in a coop in Webster street East Newton, and taken to police headquarters.

Five of the birds are owned by Francis Sampson of Clarke terrace, Newville. The remaining two are the property of George Verduccio, Riverdale avenue, Newton.

The pigeons created a problem to police because of the watchful presence of "Tommy," the official cat.

Baby Dies as Car Crashes in Hospital Dash

CAMDEN, N. J., Feb. 25 (AP)—A baby died in his mother's arms four blocks from a hospital today when a collision stopped a dash to save the child from choking to death.

On a physician's advice, the young parents of 10-month-old Alfred James Fawns placed the infant in their automobile and sped toward the hospital. The car and a truck collided.

A passing motorist took the mother and baby to the hospital. The baby was pronounced dead.

Coroner Charles Murray said he would perform an autopsy to determine whether the child died of convulsions or accident injuries.

"I was a red light," the father, Sheldon H. Fawns, sobbed. "I went through it, thinking the road was clear because I wanted to get to the hospital quickly."

Hines' Case Nears Jury

NEW YORK, Feb. 25 (INS)—With the courtroom doors locked, Judge Charles C. Nott, Jr., today began his charge to the jury at the trial of Tammany district leader James J. Hines, alleged paid protector of the \$20,000,000 Dutch Schultz policy racket mob. It was expected that the case would be in the hands of the jury by 1 p. m.

Outwardly unruffled, Hines came to court with a fighting smile on his face.

"I don't want one of those six-round Philadelphia decisions," said Hines.

Finds Suicide's Body at Church

The frozen body of Joseph La-tosky, 63, unemployed leather worker, was found hanging today from a coping at the Russian Baptist Church in Peabody.

Associate Medical Examiner Cornelius Kiley pronounced the victim a suicide. He said no notes were found and that the victim had died during the night.

Paul Meskville of Chestnut street spotted the hanging body while passing the church on the way to work. He loosed the clothesline from which it hung and then called police.

According to authorities, La-tosky's six grown children and his widow, Mary, survive.

QUIZ DRIVER IN DEATH

BRIDGEWATER, Feb. 25—An unnamed motorist was being questioned today in connection with the hit-and-run killing of Albert P. Imhoff, Jr., 14, near his home in Pleasant street. The motorist was taken into custody in Taunton, after police noted he was driving with only one headlight.

'SALES-POWER MEDIUM'

REMEMBER "facts for buyers of advertising . . . number six"? It told how Plotkin Bros., Boylston Street women's shop, who know how to buy as well as sell VALUES, discovered the volume sales they wanted in the newly combined Record-American. Two hundred and sixteen dresses were sold from one advertisement.

Plotkin Bros. remembered. They'd also been watching the Record-American's circulation of 475,000 families spending their way up in the world. They saw that more and more retailers were making the same discovery, boosting this "sales-power medium's" retail lineage month after month.

On Friday, January 27, and Saturday, January 28, they ran this 375-line ad in the Record-American. It ran only in the Record-American. By sunset Saturday, Plotkin Bros. had sold over 1350 pairs of stockings, a gross of \$876. It was the biggest hosiery day in the entire history of Plotkin Bros. . . . and the biggest return they'd ever gotten from any newspaper advertisement.

Of course, Plotkin Bros. were offering a wonderful value. So does this "sales-power medium." And the Record-American becomes more "sales-powerful" with every week's mounting circulation and influence.

HARVARD SCIENTIST'S BAN ON NAZIS PRAISED

Prof. Percy Williams Bridgman's "manifesto" barring visitors from dictator nations from his laboratories at Harvard today was endorsed by Dean Christian Gauss of Princeton University.

"By turning on the red light," Dean Gauss said, "Professor Bridgman has rendered us a great service. The work of a scientist releases immense reservoirs of energy which can be used more easily for destructive than for constructive purposes."

"We might as well give machine guns to outlaws as to turn over further destructive secrets to nations on the rampage."

Fellow scientists of Dr. Bridgman, famed for his work on hardening of steel, stood divided at Harvard on his ultimatum.

"I've talked with several of my colleagues. Some of them like it, some of them don't," Dr. Bridgman admitted. "Personally I think it is an excellent idea and I intend to carry it out."

First of Dr. Bridgman's colleagues to give his policy unquali-
fied support was Dr. George Sar-
ton, lecturer in the history of sci-
ence.

One of the foremost scientists in the country, founder and editor of several scientific journals, Dr. Sart-
on said that he had rejected requests from Germany for collabora-
tion on projects.

Dr. Bridgman's attitude was de-
scribed as "courageous and the
only course open to a man of

science" by Dr. Frederick G. Keyes,
head of the chemistry department
at M. I. T.

Dr. Harold Malcolm Westergaard,
dean of the Harvard graduate
school of engineering and U. S.
Naval Reserve lieutenant-com-
mander, said:

"Dr. Bridgman's announcement
carries weight. It undoubtedly
will have only good effects."
Leading the anti-boycott forces
among the Harvard faculty were
Prof. Fritz A. Sorkin, head of
the department of sociology, and
Prof. W. E. Hocking of the depart-
ment of philosophy.

4 Ships Race To Save Sealers

NEW YORK, Feb. 25 (INS)—
Still 36 hours from their goal,
driving into the teeth of a gale-
blown snowstorm, four ships to-
day kept up the losing battle to
save 45 men aboard a pair of
Norwegian sealers 300 miles east
of Cape Farewell, the southern tip
of Greenland.

Latest wireless advices said the
battered sealing ships still were
afloat, but the heavy seas and
pales had ripped all the rigging
off one, the Nukon. The other
sealer, which flashed an SOS, was
the Saldalangen.

Brewster Has Remedy for 18,000 Malnutrition Victims in Maine

WASHINGTON, Feb. 25 (AP)—Dr. Louise Stanley, chief of the Bureau of Home Economics, said that 18,000 persons in Aroostook County, Me., had been diagnosed as suffering from malnutrition.

"Any of these cases is doubt-
less serious enough so that it
might easily become typical of
one of the serious deficiency
diseases such as pellagra or
scurvy," she wrote Rep. Brewster,
(R.), of Maine, whose district in-
cludes Aroostook county.

BREWSTER ANSWERS

Dr. Stanley informed Brewster,
however, that reports from the
state health department indicated
only one case of pellagra and "no
actual cases of scurvy" had been
received by state health authorities.
Dr. Stanley also said she had
sent several methods of preparing
various foods to State Welfare
agencies for their use in instruct-
ing the malnutrition victims of
the St. John river area in prepar-
ing foods.

Commenting on reports of state
officials that scurvy existed among
the residents of northern Aroostook
county Brewster declared the
United States Health Department
reported no cases of scurvy in that
area.

Public health officials here, how-
ever, explained they depended on

the state health department for
such reports.

Continuing his comment, Brew-
ster declared:

"There is plenty of malnutri-
tion—in other words improper
diet—everywhere, even in edi-
torial sanctuaries and the congres-
sional restaurant. Prescription:
a carload of Florida sunshine
wrapped up in orange peel via
surplus commodities corporation
and bake instead of boil some of
the 50,000,000 bushels of potatoes
raised in Aroostook County each
year."

He remarked that this diet was
"hardly anemic as the Navy De-
partment was feeding 1,000,000
pounds of Maine Irish potatoes to
our fighting men in the Caribbean
and their 'commander-in-chief,'
one affectionately known as 'at
old potato.'"

MAN, 69, HIT BY AUTO

Thomas Caterino, 69, of Arling-
ton street, Watertown, was serious-
ly injured today when hit by an
automobile as he crossed Arling-
ton street, at Nicholas avenue, near
his home. He was treated for a
possible fracture of the skull at
Cambridge Hospital.

CHIEF of Maine's bureau of home economics, Dr. Louise Stanley has reported that 18,000 persons in Aroostook County are suffering from malnutrition.

Lauds Talents Of 'Skylark' Star

By PEGGY DOYLE

A playwright's supreme triumph is reached not when the lights are dimmed and the first night audience is silenced as the curtain falls in what may be the greatest play of the century, but when the audience of yesterday puts a personal stamp on it, and it is the best of its kind.

That is what the audience of yesterday has done for "Skylark" by Gertrude Lawrence. The play, by Gertrude Lawrence, is the most popular of the season.

Boys Jeopardized By 'Good Scouts'

Unless young ball players mend their ways, the time is not far in the offing when major league scouts will be ordered to keep out of New England.

Prompted by mercenary coaches and well-meaning but inexperienced friends, young ball players have been holding up major league clubs for salaries entirely out of proportion to the regular scale.

There isn't a section in the entire country where the big league clubs encounter so many obstacles as they do in New England. If the school coaches have the interest of the boys at heart to the extent that they refuse to hold up clubs, then the parents step into the picture.

A. A. U. RECORDS TREMBLE

NEW YORK, Feb. 2 (INS).—When an optimist expects a profit, that's not few. When a pessimist expects a loss, that's not few. It's not few when the odds are against him. A lot of people are betting on the success of the new "New York Times" newspaper. Some are betting on the success of the new "New York Times" newspaper. Some are betting on the success of the new "New York Times" newspaper.

Each time I had gone down I took care to rub resin from the canvas into my wet gloves. This gave them an abrasive surface, and Petty Officer Curran's face was slashed badly. His doctor told me later that seven distinct wounds were sewed up.

Jockey Meade Scores Triple Win

MIAMI, Fla., Feb. 25 (AP) — Don Meade topped a 1000-

Five Royal Rooters to Go South With Red Sox

By HERB FINNEGAN

It will remind the old boys of the halcyon pre-war days when the Red Sox entrain Monday morning at 8:30 for their Sarasota camp.

In the dear long ago "Nuf Ced" McGreevey and his loyal band of Royal Rooters led the cheers as Bill Carrigan steered Ruth, Shore, Speaker, Lewis, Hooper, Gardner, Yerkes, Wagner and the rest over the mountainous Ozarks.

HENRY CHMIELEWSKI, the new Polish middleweight sensation repeated his knockout victory over Johnny Rossi last night at the Boston Garden when he stopped the Worcester boxer in the third round. This is the second time he has KO'd Rossi in three heats in two weeks. The above photo shows Machine Gunner Chmielewski scoring with a left jab and shortly after he hit that blow, swung over his deadly right which stretched Rossi out on his back for the full count of 10, and then some.

CHMIELEWSKI STOPS ROSSI IN THIRD ROUND

By JACK CONWAY

"Machine Gun" Henry Chmielewski shot down his thirteenth straight opponent since coming to this country from Poland.

Johnny Rossi was the victim in a Garden bout as he had been in "Machine Gun's" previous battle. The end came in the third round when one of Chmielewski's right hand shots tipped Rossi over flat on his back. The Worcester middleweight was looking up at the lights when Referee Joe O'Connor counted him out.

ROSSI TAKES LEFT HOOK

Rossi also suffered a knockdown late in the first round and took the count of nine.

Chmielewski rated himself along easily. He boxed Rossi for most of the first session. With only 11 seconds of the round to go "Machine Gun" reached Rossi with a right to the jaw, and the Worcester middleweight went to the canvas. Rossi was in bad shape when he regained his feet, but the bell came to his rescue.

Chmielewski outboxed Rossi in the second session, and counted with heavy body blows. Then came the spectacular finish in the third round. Rossi was forced back by a hard left hook to the jaw, and as he staggered "Machine Gun" cut loose with a right to the jaw that ended the show.

Carl Dell of New York, a former Hearst All-America amateur boxer, won the decision from Buster Carroll of Lowell in a hard ten-round bout.

BURAK KAYOED

Jimmy Zullo of Chelsea won the Duke over Martin Riley of Fall River in six sessions which were jammed with action. The crowd yelled for a draw, but the verdict in favor of Zullo was a just one.

Johnny Shkor of Baltimore, another Hearst All-America graduate, added another kyo to his list when he chilled Henry Burak of Hyde Park. A left hook to the stomach ended the match.

Dominic DeCantis of Providence, another Hearst All-America champion, defeated Sam Tenore of Quincy in four sessions.

George Salamond of East Boston, who is a Hearst All-America graduate, outscored Jimmy Riley of Fall River in six heats. The gross attendance was 2957 with a net of \$2032 with the paid attendance 2311.

Chicago Trip For Court Winner

The winner of the New England Catholic Interscholastic basketball tournament to be held at Boston Arena, March 3 and 4, will automatically receive an invitation to compete in the National Catholic tournament in Chicago, which takes place on March 22 to 26.

Rec. George M. Dowd, C. Y. O. director in charge of the Arena tourney, announced today that he has received assurance from Loyola Academy, which stages the Chicago classic, that the New England champion will be eligible for one of the places in the 32-team national title test.

MARATHON BLANKS OUT

Entry blanks for the 43d-annual Patriots' Day Marathon are in the mail and Manager Tom Kanaly expects the yearly crush of replies to begin at once.

There will be a cheering quorum on hand at Sarasota this spring, for in addition to Phil Troy, Tom Daly, Hugh Duffy and the newsmen who board the special at the South Station Monday morning, there will be Jim Barry of South Boston, making his fifth trip, Frank Rey, holds, old Boston College graduate manager, making his sixth, Tom McEnaney of East Boston, making his second, and newcomers Bill Baldwin and George Hurley.

DOC ROSS SICK
Bill Baldwin is an old South Boston boy who starred in basketball at Boston College High. He stands four inches over the six-foot mark and is still young enough to be mistaken for an athlete.

PHIL TOSSES LARIAT
George Hurley's is a case. He's an uncle of Phil Troy and lives in Haverhill. He's been intending to make the trip every year for the past 20 but he never quite got around to it. (Like making out an income tax.)

But he's going this year. In fact, Phil himself tossed a lariat around the fair city on the Merrimack and is dragging George down by the neck. He's going south, all right, and it's safe to say that he will be a regular hereafter.

Bill "Doc" Ross will be down later. It's the first time in 13 years he couldn't start out with the original party.

"A slight case of pneumonia," says Doc, "but I'll shake it off. I'll leave with the infielders and outfielders."

It's a good omen. The players can't help but give their all when they see such whole-souled support. The Sox special will whiz down. The old Holy Cross battery of Gene Desautels and Wilfred Lefebvre will scamper aboard at New Haven, but there will be few other stops en route, and the party will do so at Sarasota Tuesday evening at 6:15.

BEES OFF TOMORROW

The Bees leave for Bradenton at four tomorrow afternoon amid much fanfare.

With an army of well wishers bidding them bon voyage, players Andrews, Sutcliffe, McLeod and Early will be pushed aboard by Duffy Lewis at the South Station, all hoping to make their mark in big time.

Tom Early did a sweet job for the Bees after he came up from Hartford, last fall, and Bostonians will cheer his efforts in the South. It would be nice to see two Greater Boston boys, Early and Dan MacFayden, starters on a Boston major league club.

The Bees will corral Sisti, Huber, Shoffner, Thompson and Moran at New York, Erickson at Philadelphia and Pezullo at Savannah.

The train will arrive at Bradenton, Tuesday morning, and the boys will indulge in their first workout that day.

Here kid, take these skates.

Demaree on Terms With Terry Club

HOT SPRINGS, Ark., Feb. 25 (AP)—Frank Demaree, outfielder obtained this winter from the Chicago Cubs, signed a New York Giant contract as Manager Bill Terry announced. Pitcher Bill Coffman had turned down an increase as "not enough."

Costs \$1 to Run
In the Marathon

200,000 to See
B. A. A. Classic

IF YOU WISH to pay \$1 you may have the privilege of running 26 miles, 385 yards in the B. A. A. Marathon on Patriots' Day, April 19. I have always felt that one had to be some kind of patriot to run that distance. Even Paul Revere insisted upon having a horse when he made his famous ride to Lexington.

One never gets over being a Marathon runner. Back in 1912 after winning a B. A. A. Marathon, Clarence DeMar told me that following the Olympic Marathon of that year he was going to retire from athletics. Last Spring the same DeMar was objecting because he was not permitted to participate in the B. A. A. Marathon.

There are sports writers who protest strenuously against riding over the Marathon course. They insist it is too much of a nerve strain to keep dodging around runners, and trying to avoid knocking over traffic officers.

The Marathoners, who haven't got the protection of mud guards or the power that is furnished by an eight-cylinder car, consider it fun to run from Hopkington to the scene of the old B. A. A. clubhouse on Exeter street. They certainly cannot view this task a hardship as they keep coming back to it each year.

The B. A. A. promotes the Marathon at an expense of \$800. This cost is covered by the profit on the Unicorn club's track meet in the Garden.

When the B. A. A. gave up its clubhouse on Exeter street and moved into smaller and less expensive quarters in the Hotel Lenox, Henry Lapham, Walter Brown, Tom Kanaly, Des Wadsworth and other active members of the B. A. A. decided to perpetuate the indoor track meet and the Marathon under any conditions.

200,000 People Watch Race

APART FROM being saturated with B. A. A. tradition and being the most important race of its kind held any place in the world, the B. A. A. Marathon furnishes the greatest free show. It is witnessed by 200,000 people from all the varying walks of life. Nobody has yet been able to devise a method by which members of this vast audience would contribute to the expense in connection with the race.

People are anxious to get outdoors by April 19. They have

tired of spending their time indoors, and the Marathon runners furnish the entertainment, and at times even excitement.

I would suggest that some student of journalism interview the winner of the Marathon and ask him to answer this question:

"Why do you get enjoyment punishing your body and taxing your endurance in a race 26 miles, 385 yards?"

The answer might prove interesting to scientists who are still as much baffled by acts of men as they are by the mysteries of the planets.

Baseball Teams Headed for Florida

RED SOX AND Bees are Florida bound. Duffy Lewis leads the Bees party to Bradenton tomorrow, while Phil Troy will have the advance guard of Red Sox on their way to Sarasota on Monday morning.

Sarasota and Bradenton are only ten miles apart, and as a result the sports writers traveling with the teams will be able to see the Sox and Bees in action in the early days of their training.

When the ball clubs start for the South, one realizes that violets and Spring are only around the corner.

Random Shots at Target

THE ARGONNE A. A. confirms this writer's tip that Maurice Strickland who recently was rated by Jack Kearns as the best of 8... Eddie Mack is busy trying to line up a suitable opponent for Strickland who recently was rated by Jack Kearns as the best of the white heavyweights... Pat Comiskey, sensational young heavyweight from New Jersey, will box a first class opponent on the same card.

Al McCoy will try to even his score with Bob Pastor when they meet in a return bout at the Garden on March 19... McCoy lost to Pastor early last Summer after a hard bout... Al has since been the most active heavyweight in the country, and won from Buddy Knox in his last start here.

PICK TECHNICIAN IN RACE CLASSIC

By DAVE WILSON
(Selections for last track)
BEST BET—TECHNICIAN

HIALEAH PARK, MIAMI, Fla., Feb. 25—The Woolford Farm entry, Technician, heading the field in the Flamingo Stakes, looks as the best bet on the program here this afternoon.

Second in the Bahamas Handicap earlier this month, the bay colt appears the class of the mile and an eighth distance of the sixth race.

Technician, with Jockey Ira Hanford in the saddle, will probably have time to beat out for top money. Incuscula appears as running mate in the Woolford stable.

Lou Stops Arizmendi In 11th

NEW YORK, Feb. 25 (AP)—Lapping Lou Ambers, a jitterbug with a jolt in both hands, stopped the rugged little Mexican "Baby" Arizmendi in 11 bloody rounds at Madison Square Garden to clinch his right for a shot at the lightweight championship he once held.

Before a disappointing crowd of 887, who contributed to a gross gate of \$19,363.60, the Herkimer (N. Y.) fighter came gashed both his rival's eyes so badly that Referee J. J. Hartley halted the proceedings at the end of the 11th round. The New York State Athletic Commission physician, Dr. W. J. Walker, said it was the first time in 15 years of campaigning that the "Baby" had failed to go the route.

His face splashed with blood, the game little Mexican from Los Angeles was sitting his corner when the bout ended. Dr. Walker took more than the minute rest between the 10th and 11th to examine the deep wounds and it wasn't until four seconds after the 11th heat got under way that the arbiter waved his arms bringing the bout to a close.

By the victory, achieved through a lightning left hand and a dancing ring generalship that rarely gave Arizmendi a clean shot at his head, the square-jawed little fighter from up state New York removed all doubt that he qualifies to meet Champion Henry Armstrong for the 135-pound crown.

Bill Weinberg Returns to Amateur War

A most promising young heavyweight will return to Boston's fist wars Monday night when Bill Weinberg of Chelsea holds up his dukes in the second N. E. A. A. U. tryouts, sponsored by the Irish-American A. A. at the Arena.

Bill had rolled up an impressive record when a nose operation forced him to declare a moratorium last September.

But the bugle is O. K. again and Bill has already started to blow it.

Trainer Fred O'Brien, old time Chelsea boxer, gives young and promising Bill Weinberg a few pointers in the manly art of self-defense. Bill will fight in New England championship trial bouts at Arena on Monday.

He's a big lad, is Bill. Only 21, he stands 6 feet 3 and weighs 262.

DEFEATED BEST

He had defeated amateur top-notchers like Henry Burak, Chas. Prendible, Phil Zilonis, Henry Turcetta and the noted Tony Ferry, Eastern all-America champion, before the operation.

In his last bout he lost the duke to the hard hitting Pat Devine of Cambridge, but there are few around today who are getting the duke over Pat.

Weinberg is being tutored by Fred O'Brien, old time bantamweight who boxed Al Delmont eight times, and who met Freddie Yelle, Young Kloby and the European champion, Ike Bradley.

"O'Brien is confident the kid has a brilliant future. George Harney, who brought out Ned Chapman, is also interested in the young heavyweight.

Another top-notch contender Monday is Frank Topazio, Bristol, R. I. who was a finalist in the N. E.'s last year.

The lists are well filled, among the latest entries being:

Tony Luckman, Brockton, 115; Ray Tomner, Manchester, N. H.; Frank Martin, Plymouth, and Frank Topazio, Bristol, N. E.; Al Gault, Haverhill, 126; Gene Marquette, Fall River; Mickey Pansky, Chelmsford; Joe Mulligan, Fitchburg; Harry McIntosh, Worcester, and Jimmy Cunningham, Warner, N. H.; 135; Johnny DeCosta, Brockton; Steve Lombardi, Cambridge; Lou Savicki, Worcester, and James Frisco, Woburn, 147; James Marko, Roxbury, and Howard Carey, Warner, N. H., 165.

Bobstedts to Compete At Lake Placid

LAKE PLACID, N. Y., Feb. 25 (AP)—Four-man novice bobbed teams will compete here tomorrow for the first time for a trophy donated by Joseph R. Linney, father of Robert Linney, recently selected as the driver of the number one 1940 United States Olympic team.

They will race from the half-mile mark of the Mt. Van Hoevenberg run. The elder Linney is an ardent fan of bobbedding and baseball, two sports in which his son excels.

INDIANS PLAY ALL-STARS

The Bunker Hill Indians basketball team will take on the fast traveling Brookline All-stars next Monday night at the Clarence Edwards Gymnasium, Walker street, Charlestown.

The Case, a Mighty Man Is He Steve Casey, World Wrestling Champion

Shadow Confident Of Winning Title

Brimful of confidence and certain that he will at last attain the ambition of his life—the world's heavyweight wrestling championship—The Shadow, mysterious mat-man, promised to whip Steve (Crusher) Casey in straight falls when they meet next Thursday night at the Boston Garden.

And furthermore, he called his shot and said he will win each fall with a headlock.

"I never felt more certain of anything in my life," he said after a steaming workout. "Yes, I know I had a chance before and the best I could get was a draw. But don't forget I learned plenty in that bout and Casey couldn't pin me for the winning fall in close to three hours of wrestling, could he?"

"Well, they say there's never been a masked champion before.

There's going to be one next week and I'm as certain of that as I am that Monday follows Sunday."

The Shadow's manager, voluble Eddie Quinn, meanwhile stood by and said, "That's right, kid. We've got the title in our pocket right now."

The Shadow and Casey both worked out yesterday, and while Steve is still considerably worked up that the American Wrestling Association forced him into the match on threat of taking away his title.

M'COY GETS CHANCE FOR PASTOR REVENGE

Boston Al McCoy's long awaited opportunity to gain a prominent place in the line waiting for a shot at the heavyweight title will be within his grasp Friday, March 10, when the local battler

meets Bob Pastor, New York, in the feature bout of the Goodwin A. C. show at the Boston Garden.

Last year McCoy lost a unanimous decision to the New York heavyweight and since then has been angling for a return match.

In this former meeting, McCoy entered the ring after a lay-off of close to five months with the result that the bout had proceeded six rounds before he could hit his stride. Since then, McCoy has been the busiest boxer in the ranks.

In this long series McCoy lost only to Buddy Knox but made up for this lapse with a decisive victory in a return affair that found Manager Bill Brennan's boy hitting his real pace. Also in the list of victims was Bob Olin, former light heavyweight champ of the world.

Pastor, famed for his 10-round runaway from Joe Louis, was in line for another bout for the world's title until Louis signed to box on the coast.
